

Remote Access

Seamless Remote Access to Your Woodward™ CSC4 Controller

With krecotec's server-based remote access solution, you can securely connect to your CSC4 controller—anytime, anywhere. Designed for systems using Woodward™ converter technology, our service provides reliable, access based on your Level 2 or Level 3 credentials.

Gain full control of all known features and analytics, and make data-driven decisions—without being dependent.

Your controller. Your data. Always accessible.

Your benefits

- **Secure Remote Connectivity**
- **Full Feature Access**
- **Fast Setup, without modifying your existing systems**
- **Functionalities and analytics based on your password level**
- **Ensure efficient system troubleshooting**

krecotec – Expertise That Drives Wind Power Forward

Founded in 2022, krecotec gives customers direct access to over 25 years of hands-on experience in wind turbine and converter technology. Our team of engineers has been active in the wind industry since 1991, bringing deep knowledge in engineering, power electronics, and service support.

We deliver more than just products—we provide tailored solutions, engineering services, remote support, technical training, and spare parts to keep your systems running reliably and efficiently.

krecotec – Your partner for expert-driven wind energy solutions.
